- Alcatel-Lucent OmniSwitch™ 6900 (4 Data Centers & 6 CORE)
- Alcatel-Lucent OmniSwitch™ 6450 (68)
- Alcatel-Lucent OmniVista™ 2500 Network Management
- Alcatel-Lucent OmniAccess™ 4704 (2)
- Alcatel-Lucent OmniAccess™ 4604 (1)
- Alcatel-Lucent OmniAccess™ AP93 (224)

BENEFITS

- High-capacity, high-reliability Application Fluent Network
- Innovative Data Center architecture (POD)
- Easy network management

DEAL FACTS & FIGURES

- Deal won date: June 2012
- Implementation date: September - December 2012
- Business Partner: NextiraOne

“The new data network infrastructure, entirely implemented by NextiraOne with Alcatel-Lucent solutions, allows us to deal with the Bring Your Own Device challenges. The new Data Center architecture gives us the ability to better manage the amount of sensitive information we are dealing with every day.”
