

Doctors, serve your patients better and improve efficiency with an Alcatel-Lucent communication solution.

Patient care is 24/7, so you need to be reachable anywhere, anytime for an emergency, whether you are in the office or on call. You must be able to forward calls to voice mail and check voice mail remotely while maintaining your privacy and professional image. You also need to be able to delegate call management to a receptionist – transparently.

### **ANYWHERE, ANYTIME AVAILABILITY**

- + While in the office or on call
- + One phone number for your office phone and mobile device
- + Call management from a smartphone or mobile device:  
Voice mail, call transfer, call forwarding and a centralized address book

.....  
**AT THE SPEED OF IDEAS™**

**Alcatel-Lucent**  
Enterprise

## BETTER SERVICE TO YOUR PATIENTS AND A PROFESSIONAL IMAGE

- + Calls never go unanswered, no matter how busy your office is
- + Improved service to patients and a professional image
- + Each call has a trace so all calls are listed

## REDUCED COSTS

- + Automated attendant: A combination receptionist and answering service without a salary
- + Complete solution that is easy to install and simple to use

Alcatel-Lucent solutions for SMB deliver communication systems that are integrated with your business operations, for a complete, simple answer to your business problems.

With the **OpenTouch Suite for SMB**, you'll have a customized communication system that provides excellent service for you and your patients.
